## Summary

**Frontend Developer** with **2.4 years of experience** in building **scalable, high-performance web and mobile applications**. Skilled in **JavaScript (ES6+), TypeScript, React.js, Redux, Next.js, Flutter, and Tailwind CSS**. Proficient in **REST API integration, UI/UX optimization, and cross-browser responsive design**. Experienced with **Agile methodologies, Git-based workflows**, and delivering features that improve **user experience, accessibility, and application performance**.

## Technical Skills

**Languages:** JavaScript (ES6+), HTML5, CSS3

**Frontend:** React.js, Next.js, React Native, Redux, Flutter, Tailwind CSS, Bootstrap, jQuery, Responsive Design

**Backend:** Node.js, Express.js

**Database:** MongoDB, SQL

**Tools:** Git, GitHub, GitLab, VS Code, Postman, Android Studio, Jira, Agile/Scrum

**Other:** REST APIs, DSA, MVC, OOP, Performance Optimization, Accessibility (WCAG, ARIA)

## Work Experience

**Frontend Developer** — Getepay Pvt. Ltd., Jaipur, Rajasthan

June 2023 – Present

- Developed **10+ responsive UIs** with React.js, improving **average page load speed by 30%**
- Reduced **REST API response time by 20%** using Axios and optimized caching
- Improved **state handling** using Redux and Redux Thunk, cutting **bug reports by 35%**
- Led **Flutter UI for 3+ cross-platform apps**, shortening **development cycles by 25%**
- Refactored **legacy components for lazy loading**, reducing **JavaScript bundle size by 40%**
- Collaborated with backend (Spring Boot) to deliver **8+ features per sprint**
- Reviewed **200+ PRs** and authored **50+ test cases**, achieving **95% test coverage**

**Technical Support Engineer** — Dhanush Infotech, New Delhi,

January 2022 - December 2022

- Resolved 200+ software/database issues, achieving 98% satisfaction rating
- Reduced average resolution time by 25% by automating common fixes

## Projects

- **Invoice Management System** — Built a **responsive** invoicing platform with modules for **Sales, Purchase, and Debit/Credit Notes**, integrated **Getepay's internal payment gateway** and implemented **REST API integration** for seamless settlements.
- **HR Management System** — Developed interfaces for **onboarding, attendance, and payroll**, implemented secure **role-based access** and efficient **form handling** using **Redux Thunk**, and performed **API integration** for backend connectivity.
- **Getepay Portal (Core Product)** — Contributed to the **frontend of Getepay's payment gateway**, building **onboarding, KYC, and transaction UI components** with smooth **REST API integration** for real-time processing.
- **Fraud and Risk Management System** — Created **real-time dashboards** to display **fraud alerts, risk scores, and analytics** using **Chart.js**, and integrated **REST APIs** for live data fetching and monitoring.

## Internship

**Full Stack Intern**, Newton School Pvt. Ltd. (Remote)

January 2021 – September 2021

- Built **5+ full-stack MERN applications** from scratch
- Solved **100+ DSA problems**, improving **LeetCode ranking by 20%**
- Integrated **external APIs**; deployed apps with **Netlify/Heroku** for **300+ users**

## Education

**B.Tech in Computer Science**, BIET, Sikar, Rajasthan

August 2020

- CGPA: 7.0/10

**Senior Secondary (12th)**, SP Public School, Farrukhabad

May 2015

- CGPA: 7.3/10

**Secondary (10th)**, SP Public School, Farrukhabad

June 2013

- CGPA: 7.7/10
